Negro Robber Drowned.

Evansville, Ind., April 27.—Tuesday a negro who was being pursued by a posse that believed him to be the one who assaulted and robbed Mrs. Maria Brant's and her daughter last Saturday night, jumped into Barr creek and was drowned. He was afterward identified as the robber.

RUSSIAN SQUADRON SINKS TRANSPORTS

JAPANESE ARE SAID TO HAVE SUFFERED A TERRIBLE DEFEAT ON THE SEA.

FOUR THOUSAND MEN SLAIN

VLADIVOSTOK SQUADRON SINKS FOUR TRANSPORTS WITH ALL ON BOARD.

MAY BE CAUGHT IN A TRAP

RUMORED THAT THE JAPANESE FLEET HAS CUT OFF VLADIVOSTOK VESSELS.

Paris, April 27.—The St. Petersburg correspondent of the Matin says:

"I learn from a sure source that the Vladivostok squadron yesterday sank four Japanese transports which were conveying 4,000 men."

SQUADRON MAY BE TRAPPED.

Rumored That Japs Lured Russians Away From Vladivostok.

Chicago, April 27.—A special cable to the Daily News from Kobe, says:

Under full steam a strong squadron of Japanese armored cruisers was observed Tuesday morning making its way northward in the Japan sea. It is believed that the vessels are on their way to attempt to cut off the Russian squadron that appeared at Wonsan, on the east coast of Korea, Monday. It is feared, however, that as the czar's cruisers are superior in speed to those of the mikado, they may escape in safety to the shelter of Vladivostok.

It is also stated that the Japanese have succeeded in luring the Russians from the protection of the Vladivostok guns and that there is another Japanese squadron between them and their retreat, but these are mere rumors.

JAPS CROSS THE YALU

MAKE A FEINT TO DIVERT RUSSIAN FIRE AND THEN GET OVER THE RIVER.

Liaoyang, April 27.—Between Monday night and Tuesday morning the Japanese forced a passage of the Yalu, two companies crossing between Tchongdjou and Sioapoussikhs. Heavy firing was heard near Tatungkau, in which it is believed the Japanese made a feint in order to divert attention from the real point of passage. So far no bridge spans the river. It is believed the Russian fire succeeded in destroying the floating parts of the Japanese bridges.

On April 23 the Russians observed that the Japanese were making preparations to cross the Yalu river.

On the night of April 25 two steamers and two torpedo boats were noticed at the mouth of the river. They approached the shore at daylight and the Japanese commenced to build a pontoon on the left tributary. A second is being prepared ten miles up the river.

At 3 o'clock the same afternoon the Japanese occupied the island of Samolindo, to which they carried pontoon boats, etc.

The night passed quietly, the torpedo boats maintaining a careful watch in case the troops ashore should be attacked and examining the mouth of the river by means of searchlights.

At 2:40 next morning the Japanese crossed the river near the village of Tchongdjou where, however, the Russian outpost commenced firing upon them. The Russian advance guards had been furnished with a small gun and they succeeded in destroying the pontoon constructed near Wiju. The wrecked pontoon was carried away by the current and further Japanese bridging operations ceased, but the Japanese continued to cross by another pontoon southward of Wiju.

A Japanese column with a battery of artillery approached Turenchen at midday but the Russian skirmishers met them with sharp firing, evidently giving them trouble, as they retired with the battery, which made no attempt to answer the Russian fire.

MAY OCCUPY FUKIEN COAST.

Japan Will Prevent Baltic Squadron Going Through Formosa Strait.

Paris, April 27.—A dispatch to the Petit Parisien from its Shanghai correspondent says: "A rumor is current here that Japan intends to occupy a portion of the Fukien coast opposite Formosa with the object of preventing the Russian Baltic squadron passing through the Formosa strait."

Skrydloff Leaves St. Petersburg.

St. Petersburg, April 27.—Vice Admiral Skrydloff will leave today for Sebastopol, from which place he will start May 6 for the far East.

NO EFFORT AT INTERVENTION.

King Edward Realizes It Would Not Now Be Acceptable.

London, April 27.—Inquiries made by the Associated Press here reveal no traces of any effort or intention to intervene in the Russo-Japanese war. No step looking to a pacific settlement of the conflict has been taken by the foreign office, nor, so far as known in Downing street, by King Edward himself. Those who have discussed the war with the king within the past few days say that such a step is the last thing he contemplates.

Each a step, however informally taken, so it is said here, might seriously endanger the vital negotiations now progressing between Russia and Great Britain with a view to the settlement of outstanding differences between the two countries.

King Edward and the foreign office are fully aware that any offer or even suggestion looking to peace at the present stage would be resented both by Japan and Russia, and it is emphatically denied that the king, even in the family circle at Copenhagen, has suggested mediation, much less intervention. His majesty has expressed sympathy with his royal relative over the losses sustained by the Russian fleet, but he has been equally thoughtful toward the mikado.

WILL BUY TORPEDO BOATS.

Russia Appropriates a Million Roubles for Vessels.

Paris, April 27.—According to a report, the truth of which it is impossible to verify, the sum of 105,000,000 roubles has been appropriated by Russia for the purchase of several torpedo boats in France, two Argentine cruisers and two German transports. The two German transports have already arrived at Libau.

St. Petersburg, April 27.—On account of the refusal to deliver the Argentine cruisers before the money is paid, it is understood that a committee is being organized in Paris to arrange for the sale of the vessels through Charles R. Flint of New York.

GUARD PORT ARTHUR

RUSSIANS SAID TO HAVE FOUR SUBMARINE BOATS NOW IN WORKING ORDER.

Port Arthur, April 27.—The experiments with submarine boats here have been attended with brilliant success. All is quiet in the region of the fortress.

St. Petersburg, April 27.—The entrance into the service of four submarine boats at Port Arthur means the addition of a new and formidable weapon for the defense of that stronghold. The dispatch of the boats in sections over the railroad has been shrouded in secrecy and even now many in St. Petersburg are inclined to doubt the report by officials of their presence at Port Arthur or to accept the information as trustworthy.

An effort now to close or blockade Port Arthur will be too dangerous, it is thought, for Vice Admiral Togo to attempt.

The defenders of the port will be able to guard against Japanese submarine vessels entering the harbor and attacking the Russian ships at anchor.

The officials here are not certain that the Japanese have submarine boats, as they possessed none before the war, but since the beginning of hostilities they undoubtedly have laid down a number of them.

The Russian submarine boats may soon have an opportunity to demonstrate the value of their type in war, as the Japanese fleet is reported at Chefoo and the interval of time it is usually absent from Port Arthur has about expired.

STIRRING NEWS EXPECTED.

London Looks for Action on the Yalu and at Vladivostok.

London, April 27.—No further news from the seat of war reached London and there is no confirmation of the reported Japanese reverse on the Yalu. Stirring news, however, is hourly expected both from the regions of the Yalu and Vladivostok.

The general opinion that Vice Admiral Togo is waiting for the Vladivostok squadron is confirmed by the Daily Telegraph's Tokyo correspondent, who says there is no doubt that the Japanese are taking steps to cut off the retreat of the Vladivostok warships.

The Daily Mail publishes the details of an alleged daring scheme of the Russians to coal the vessels of the Baltic fleet at sea on the way out and after their arrival in the far East. It is stated that twenty steamers have been chartered at London belonging to British, German and Norwegian owners under elaborate secret conditions and on most advantageous freight terms if they succeed in running the gauntlet.

CARS DESTROYED BY FIRE.

Several Explosions Spread the Flames to Other Coaches.

Albany, N. Y., April 27.—Thirty day coaches, and several dining cars and one private car were destroyed in a fire which burned the coach shop of the West Albany shops of the New York Central railroad, entailing a loss of \$250,000.

Several explosions occurred, scattering the flames which enveloped a number of cars standing on the tracks near by which could not be dragged out of the way in time.

HEAVYWEIGHTS CLASH

MESSRS. DALZELL AND COCKRAN INDULGE IN A WORDY WAR IN THE HOUSE.

DEMANDS AN INVESTIGATION

NEW YORK MAN WANTS A COMMITTEE TO SIFT CHARGES MADE BY DALZELL.

Washington, April 27.—The "heavyweights" had another bout in the house Tuesday, with Messrs. Dalzell and Cockran as the combatants. The speeches were a renewal of last Saturday's debate, but were more personal in their character. As on Saturday, the speakers were greeted with vociferous applause by their respective colleagues and the bitterness of party feeling ran high.

Mr. Dalzell had Mr. Cockran on the rack for nearly two hours, during which time he dealt largely with that gentleman's political history, which he said showed him to have been consecutively a "Greenbacker," a sound money man and a free silver man. He reverted to his statement of last Saturday that he had been informed that Mr. Cockran had accepted money to support the campaign of McKinley, and read extracts from several newspapers to show that was the general impression at the time. A man, he said, who would not have replied to Mr. Cockran as he did on Saturday would have been a poltroon and a coward.

Cockran Becomes Indignant.

Mr. Cockran, thoroughly indignant at times, denied the accusations of Mr. Dalzell, whom he arraigned for making statements which could not be substantiated. If what Mr. Dalzell had said were true, he declared, he was unworthy of membership. In emphatic and positive language, Mr. Cockran denied that he had received money from the Palmer and Buckner campaign committee or that he had ever received money for supporting McKinley in 1896. If Mr. Dalzell, he said, believed the charges against him, it was nothing but a confession of the Republican party's corruption and proof that the presidential election had been purchased.

The climax came when he offered a resolution providing for the appointment of a select committee of five members of the house to investigate the charges which had been made against him by Mr. Dalzell. He and other Democrats, including Mr. Williams, the minority leader, demanded immediate consideration, but the speaker declined to pass on a point of order against the resolution until he had examined precedents.

REPUBLICANS OF INDIANA.

Hold a Large and Enthusiastic Convention.

Indianapolis, April 27.—The delegates to the Republican state convention Tuesday in Tomlinson hall in what is said to be the largest and most enthusiastic convention ever held by the party in the state. Speeches were made by Congressman J. E. Watson, Senators Fairbanks and Beveridge, Governor Durlin and Representatives Fred Landin and John E. Haney. The keynote speech of Congressman Watson was considered a model of oratory and he was frequently interrupted by applause. When Senators Fairbanks and Beveridge entered the convention hall, the delegates stood and cheered wildly for several minutes. At every mention of the name of President Roosevelt the applause was loud and prolonged.

Both Senators Fairbanks and Beveridge were given ovations when called upon to address the convention.

Congressman Watson was elected permanent chairman and Harry A. Strohm secretary of the convention. After electing presidential electors, national delegates and alternates, the convention adjourned to meet at 9 o'clock a. m., when a platform will be adopted and a state ticket nominated.

LAST SUPPLY MEASURE.

Senate Passes Military Academy Appropriation Bill.

Washington, April 27.—The senate Tuesday passed the military academy appropriation bill, the last of the supply measures. The amendments suggested by the committee on military affairs for a reorganization of the medical and ordnance departments of the army and for the establishment of a number of campsites were thrown on points or order. Mr. Bacon concluded his tariff speech, begun Monday. The senate took a recess until Wednesday. Mr. Allison in moving the recess expressing the hope that a final adjournment might be secured Thursday.

GIVEN A WARM RECEPTION.

King Edward and Queen Alexandra Arrive in Ireland.

Dublin, April 27.—King Edward, Queen Alexandra and their suites landed at Kingstown from the royal yacht Victoria and Albert before noon and soon afterwards proceeded to the Puckstown races. The sovereigns were accorded a splendid reception and large crowds assembled to greet them. The vessels in the harbor were gallily trimmed with bunting, while Kingstown was bright with Venetian masts and festoons.

FAVORABLE TO OLNEY.

Congressional Conventions in Massachusetts Elect Delegates.

Boston, April 27.—Democratic conventions for the election of delegates to the national convention at St. Louis were held in the fourteen congressional districts of the state Tuesday and in all but four of the districts delegates either pledged or favorable to the nomination of Richard Olney for the presidency were chosen.

Of these delegates twenty-one are claimed for Olney, six are conceded to Hearst, while one is unpledged and non-committal. To the Olney forces must be added the four delegates at large and pledged to him at the state convention.

The greatest surprise of the day was occasioned by the result of the ballot in the Twelfth district convention held in this city. George Fred Williams, leader of the Hearst faction in Massachusetts, and the other Hearst delegates were defeated and those pledged to Richard Olney elected.

The Olney faction, it is understood, will enforce the unit rule at the national convention, but the Hearst delegation will make a strong protest to the Democratic national committee against the unit rule.

SOAP WORKS DESTROYED.

Fire at New York Causes Property Loss of \$200,000.

New York, April 27.—A fire that started on the top floor of the John Stanley soap works in West Thirtieth street, this city, was followed by three explosions in the basement of the building and the whole structure was soon in a blaze. The property takes in half a block between Eleventh and Twelfth avenues. The cause of the fire is unknown.

At 8 a. m. the fire was practically under control. The soap works were totally destroyed together with a five-story building. The loss to Dunbar Bros. will be quite heavy, a large quantity of lumber in their yards having been burned. The total loss will amount to about \$200,000.

TO DOUBLE TRACK RAILWAY.

Russian Official Estimates It Can Be Done in Eighteen Months.

St. Petersburg, April 27.—It is stated in railway circles that the government has decided to double track the transiberian railway and that Prince Khilkoff, minister of railroads, has submitted to the emperor an estimate, according to which this work can be completed in eighteen months.

ADOPTED BY THE HOUSE.

Resolutions Seeking Information Concerning Coal Trust and Merger.

Washington, April 27.—When the house met Mr. Jenkins (Wis.), chairman of the committee on judiciary, moved the adoption of the resolutions recently favorably reported by his committee inquiring what action had been taken by the department of justice regarding an investigation of the coal "trust" and whether or not any criminal prosecutions have been instituted by that department against the individuals found guilty of violations of the "anti-trust" law in connection with the merger decision. The resolutions were adopted without discussion or division.

JAPS CROSS THE YALU

MAKE A FEINT TO DIVERT RUSSIAN
FIRE AND THEN GET
OVER THE RIVER.

Liaoyang, April 27.—Between Mon-
day night and Tuesday morning the
Japanese forced a passage of the Yalu,
two companies crossing between
Tehangdjou and Sioapoussikhs. Heavy
firing was heard near Tatungkan, in
which it is believed the Japanese made
a feint in order to divert attention
from the real point of passage. So far
no bridge spans the river. It is be-
lieved the Russian fire succeeded in
destroying the floating parts of the
Japanese bridges.

On April 23 the Russians observed
that the Japanese were making prepa-
rations to cross the Yalu river.

On the night of April 25 two steam-
ers and two torpedo boats were no-
ticed at the mouth of the river. They
approached the shore at daylight and
the Japanese commenced to build a
pontoon on the left tributary. A sec-
ond is being prepared ten miles up the

At 3 o'clock the same afternoon the
Japanese occupied the island of Samo-
lindo, to which they carried pontoon

The night passed quietly, the torpedo

wrecked pontoon was carried away by

other pontoon southward of Wiju.

A Japanese column with a battery of

met them with sharp firing, evidently
giving them trouble, as they retired
with the battery, which made no at-
tempt to answer the Russian fire.

STIRRING NEWS EXPECTED.

London Looks for Action on the Yalu
and at Vladivostok.

London, April 27.—No further news
from the seat of war reached London
and there is no confirmation of the
reported Japanese reverse on the Yalu.
Stirring news, however, is hourly ex-
pected both from the regions of the
Yalu and Vladivostok.

The general opinion that Vice Ad-
miral Togo is waiting for the Vladivostok
squadron is confirmed by the
Daily Telegraph's Tokio correspond-
ent, who says there is no doubt that
the Japanese are taking steps to cut
off the retreat of the Vladivostok war-
ships.

The Daily Mail publishes the details
of an alleged daring scheme of the
Russians to coal the vessels of the
Baltic fleet at sea on the way out and
after their arrival in the far East. It
is stated that twenty steamers have
been chartered at London belonging to
British, German and Norwegian owners
under elaborate secret conditions and
on most advantageous freight terms if
they succeed in running the gauntlet.

CARS DESTROYED BY FIRE.

Several Explosions Spread the Flames
to Other Coaches.

Albany, N. Y., April 27.—Thirty day
coaches, and several dining cars and
one private car were destroyed in a
fire which burned the coach shop of
the West Albany shops of the New
York Central railroad, entailing a loss
of \$250,000.

Several explosions occurred, scatter-
ing the flames which enveloped a
number of cars standing on the tracks
near by which could not be dragged
out of the way in time.

HEAVYWEIGHTS CLASH

MESSRS. DALZELL AND COCKRAN
INDULGE IN A WORDY WAR
IN THE HOUSE.

DEMANDS AN INVESTIGATION

NEW YORK MAN WANTS A COM-
MITTEE TO SIFT CHARGES
MADE BY DALZELL.

Washington, April 27.—The "heavy-
weights" had another bout in the
house Tuesday, with Messrs. Dalzell
and Cockran as the combatants. The
speeches were a renewal of last Satur-
day's debate, but were more personal
in their character. As on Saturday,
the speakers were greeted with vocifer-
ous applause by their respective
colleagues and the bitterness of party
feeling ran high.

Mr. Dalzell had Mr. Cockran on the
rack for nearly two hours, during
which time he dealt largely with that
gentleman's political history, which he
said showed him to have been con-
secutively a "Greenbacker, a sound
money man and a free silver man. He
reverted to his statement of last Sat-
urday that he had informed Mr. Cock-
ran that he had accepted money to
support the campaign of McKinley, and
read extracts from several newspapers
to show that was the general impres-
sion at the time. A man, he said, who
would not have replied to Mr. Cock-
ran as he did on Saturday would have
been a poltroon and a coward.

Cockran Becomes Indignant.

Mr. Cockran, thoroughly indignant
at times, denied the accusations of Mr.
Dalzell, whom he arraigned for making
statements which could not be
substantiated. If what Mr. Dalzell had
said were true, he declared, he was
unworthy of membership. In emphatic
and positive language, Mr. Cockran
denied that he had received money from
the Palmer and Buckner campaign
committee or that he had ever received
money for supporting McKinley in 1896.
If Mr. Dalzell, he said, believed
the charges against him, it was nothing
but a confession of the Republican
party's corruption and proof that the
presidential election had been pur-
chased.

The climax came when he offered a
resolution providing for the appoint-
ment of a select committee of five
members of the house to investigate
the charges which had been made
against him by Mr. Dalzell. He and
other Democrats, including Mr. Will-
iams, the minority leader, demanded
immediate consideration, but the
speaker declined to pass on a point
of order against the resolution until
he had examined precedents.

REPUBLICANS OF INDIANA.

Hold a Large and Enthusiastic Con-
vention.

Indianapolis, April 27.—The dele-
gates to the Republican state conven-
tion Tuesday in Tomlinson hall in-
what is said to be the largest and most
enthusiastic convention ever held by
the party in the state. Speeches were
made by Congressman J. E. Watson,
Senators Fairbanks and Beveridge,
Governor Durbin and Representatives
Fred Landin and John E. Haney. The
keynote speech of Congressman Watson
was considered a model of oratory
and he was frequently interrupted by
applause. When Senators Fairbanks
and Beveridge entered the convention
hall, the delegates stood and cheered
wildly for several minutes. At every
mention of the name of President
Roosevelt the applause was loud and
prolonged.

Both Senators Fairbanks and Beve-
ridge were given ovations when called
upon to address the convention.

Congressman Watson was elected
permanent chairman and Harry A.
Strohm secretary of the convention.

After electing presidential electors,
national delegates and alternates, the
convention adjourned to meet at 9
o'clock a. m., when a platform will be
adopted and a state ticket nominated.

LAST SUPPLY MEASURE.

Senate Passes Military Academy Ap-
propriation Bill.

Washington, April 27.—The senate
Tuesday passed the military academy
appropriation bill, the last of the sup-
ply measures. The amendments sug-
gested by the committee on military
affairs for a reorganization of the
medical and ordnance departments
of the army and for the establishment
of a number of campsites were thrown
on points of order. Mr. Bacon con-
cluded his tariff speech, begun Mon-
day. The senate took a recess until
Wednesday, Mr. Allison in moving the
recess expressing the hope that a final
adjournment might be secured Thurs-
day.

GIVEN A WARM RECEPTION.

King Edward and Queen Alexandra
Arrive in Ireland.

Dublin, April 27.—King Edward,
Queen Alexandra and their suites
landed at Kingstown from the royal
yacht Victoria and Albert before noon
and soon afterwards proceeded to the
Punchestown races. The sovereigns
were accorded a splendid reception
and large crowds assembled to greet
them. The vessels in the harbor were
gaily trimmed with bunting, while
Kingstown was bright with Venetian
masts and festoons.

FAVORABLE TO OLNEY.
Congressional Conventions in Massa-
chusetts Elect Delegates.

Boston, April 27.—Democratic con-
ventions for the election of delegates to
the national convention at St. Louis
were held in the fourteen congress-
ional districts of the state Tuesday
and in all but four of the districts dele-
gates either pledged or favorable to
the nomination of Richard Olney for
the presidency were chosen.

Of these delegates twenty-one are
claimed for Olney, six are conceded to
Hearst, while one is unpledged and
non-committal. To the Olney forces
must be added the four delegates at
large and pledged to him at the state
convention.

The greatest surprise of the day was
occasioned by the result of the ballot
in the Twelfth district convention
held in this city. George Fred Will-
iams, leader of the Hearst faction in
Massachusetts, and the other Hearst
delegates were defeated and those
pledged to Richard Olney elected.

The Olney faction, it is understood,
will enforce the unit rule at the national
convention, but the Hearst delega-
tion will make a strong protest to the
Democratic national committee against
the unit rule.

SOAP WORKS DESTROYED.

Fire at New York Causes Property
Loss of \$200,000.

New York, April 27.—A fire that
started on the top floor of the John
Stanley soap works in West Thirtieth
street, this city, was followed by three
explosions in the basement of the
building and the whole structure was
soon in a blaze. The property takes
in half a block between Eleventh and
Twelfth avenues. The cause of the
fire is unknown.

At 3 a. m. the fire was practically
under control. The soap works were
totally destroyed together with a five-
story building. The loss to Dunbar
Bros. will be quite heavy, a large
quantity of lumber in their yards hav-
ing been burned. The total loss will
amount to about \$200,000.

TO DOUBLE TRACK RAILWAY.

Russian Official Estimates It Can Be
Done in Eighteen Months.

St. Petersburg, April 27.—It is stated
in railway circles that the government
has decided to double track the trans-
siberian railway and that Prince Khil-
koff, minister of railroads, has sub-
mitted to the emperor an estimate, ac-
cording to which this work can be
completed in eighteen months.

ADOPTED BY THE HOUSE.

Resolutions Seeking Information Con-
cerning Coal Trust and Merger.

Washington, April 27.—When the
house met Mr. Jenkins (Wis.), chair-
man of the committee on judiciary,
moved the adoption of the resolutions
recently favorably reported by his
committee inquiring what action had
been taken by the department of justice
regarding an investigation of the coal
"trust" and whether or not any
criminal prosecutions have been insti-
tuted by that department against the
individuals found guilty of violations
of the "anti-trust" law in connection
with the merger decision. The resolu-
tions were adopted without discussion
or division.

At Last Science Has Found a Cure for Appendicitis Without the Knife.

Brainerd, Minn., April 23, 1904

Dr. E. W. LYNCH,
Dear Sir—In reply to yours of April 20th, I will say that I was laid up with appendicitis for three months. Was laid up in bed for over one month under the care of one of the most prominent physicians in Brainerd and he told me nothing but an operation would save me. I was advised by several of my friends to go and see you and to my great surprise I got relief in one moment. That was on April 3 and the pain has not returned, in fact, I went to work that day and have not lost any time since. I worked steady every day. I have not felt better for years than I have felt since I took your treatment, and what surprised me the most is that you did not use any medicine or knives.

DEFENSE MADE OUT WEAK CASE

Defendant Went on the Stand But Made a very Poor Witness for Himself

The trial of W. Chounard, charged with the murder of his wife at Cass Lake, has been on at Walker since Monday and the case went to the jury today.

The defense is said to have been very weak and rested solely on testimony to show no premeditation and that Chounard by reason of excessive drinking was mentally irresponsible for his acts. The defendant went on the stand yesterday afternoon and made a very poor witness for himself.

MUSIC AND DRAMA.

COMIC OPERA AT POPULAR PRICES

Last night the Beggar Prince Opera Co. sang Richard Stahl's tuneful waltz opera "Said Pasha." The attendance was not as large as the opening night, which is surprising considering the merits of the company and reasonable prices. Notwithstanding the smaller attendance the opera was produced with equal zeal and ability, and the choruses were better than the previous evening. Miss Palmer as Serena was again very pleasing and effective. Manager Wade impersonated Hadad, one of the comedy roles in a manner highly pleasing to the audience, and Stanley Felsh as his companion, as usual, was inimitable. Tonight the company will sing "Olivette," the funniest of all comic operas, and tomorrow night "The Mascot," or "Beggar Prince" will be the bill. On Saturday a matinee will be given when "The Pirates of Penzance" will be produced.

At Last Science Has Found a Cure for Appendicitis Without the Knife.

Brainerd, Minn., April 23, 1904
DR. E. W. LYNCH.

Dear Sir—In reply to yours of April 20th, I will say that I was laid up with appendicitis for three months. Was laid up in bed for over one month under the care of one of the most prominent physicians in Brainerd and he told me nothing but an operation would save me. I was advised by several of my friends to go and see you and to my great surprise I got relief in one moment. That was on April 3 and the pain has not returned, in fact, I went to work that day and have not lost any time since. I worked steadily every day. I have not felt better for years than I have felt since I took your treatment, and what surprised me the most is that you did not use any medicine or knives.

DEFENSE MADE OUT WEAK CASE

Defendant Went on the Stand But Made a very Poor Witness for Himself

The trial of W. Chounard, charged with the murder of his wife at Cass Lake, has been on at Walker since Monday and the case went to the jury today.

The defense is said to have been very weak and rested solely on testimony to show no premeditation and that Chounard by reason of excessive drinking was mentally irresponsible for his acts. The defendant went on the stand yesterday afternoon and made a very poor witness for himself.

MUSIC AND DRAMA.

COMIC OPERA AT POPULAR PRICES

Last night the Beggar Prince Opera Co. sang Richard Stahl's tuneful waltz opera "Said Pasha." The attendance was not as large as the opening night, which is surprising considering the merits of the company and reasonable prices. Notwithstanding the smaller attendance the opera was produced with equal zeal and ability, and the choruses were better than the previous evening. Miss Palmer as Serena was again very pleasing and effective. Manager Wade impersonated Hadad, one of the comedy roles in a manner highly pleasing to the audience, and Stanley Felsh as his companion, as usual, was inimitable. Tonight the company will sing "Olivette," the funniest of all comic operas, and tomorrow night "The Mascot," or "Beggar Prince" will be the bill. On Saturday a matinee will be given when "The Pirates of Penzance" will be produced.

After a series of some four or five fire alarms yesterday, and when most of Brainerd's peaceful populace had retired for the night another alarm was turned in at 11:15 o'clock last night which proved to be a forerunner of another disastrous conflagration equal to others which have been inflicted on the city during the past five or six months. It would seem as though the fire demon had it in for the metropolis of Northern Minnesota and would with evil intent sweep from the land some of the most substantial and well sustained business places.

The fire department was prompt in its response and in less than five minutes after the alarm was turned in there was a crew working like beavers at the scene of what was then a mere smudge in the rear of Slipp Bros' hardware store on Front street. The smoke issued from the basement and the rear windows of this store building in great volumes and in a few moments towers of black smoke rose heavenward and formed pictures like mammoth mountains. On account of this dense smoke it was almost impossible for a time for the firemen to work their way to the very seat of the fire and do effective work, even though it was nearly half an hour before any flames were detected from without.

The fireman concentrated every force at the spot where they thought that the fire started from and they succeeded quite admirably in getting a good gauge on the situation at an early stage of the big game. But do what they would they could not well get ahead of the ferret like, creeping flames that had eaten their way into the very heart of the big Hartley block in which the Slipp Bros. store is located.

When the first alarm was turned in few in the city realized that the fire would amount to anything as this was one of the many calls made on the department to go to the park to put out fires yesterday, but when the shop whistle blew it was realized full well that the fire was of some consequence, and there was a general concentration of people from all directions and by 12:30 o'clock they lined Front street several files deep.

It was not long before the flames began to show most disastrous results. It is the general conclusion throughout the city that the fire started from spontaneous combustion and when the refuse and dry material in the basement of the Slipp Bros. store was once aflame there was no power that could quell the fiery elements in their madness and rapid pursuit for more food to devour. Although there was no wind and the night was as clear as crystal the flames seemed to eat their way unassisted to the different nooks and crevices of the building.

ROOMERS GIVEN ALARM.

It was realized that there were several roomers on the second floor of the building who were in imminent danger. Mr. and Mrs. C. H. Kylo, who lived in the Hartley block, were among the first to scent the danger and Mrs. Kylo at once gave the alarm to others in the block. Mr. and Mrs. A. R. Faust were aroused with difficulty as the smoke in a few moments had completely filled the rooms. Mr. and Mrs. Chas. Ekman, who also roomed in the building, got out all right but saved very little of their household effects. Mr. and Mrs. Kylo saved but little of their effects. Bert Finn, who also lived in the block, was at a dance when the alarm was turned in and did not save a dollar's worth.

FLAMES PIERCE HEAVENWARD.

In a comparatively short time the flames had eaten their way through the partitions and floors and finally burst out through the roof. Then it was that the firemen realized that the Hartley block was doomed and attention was turned to the other buildings adjacent to this block. The Wise block to the east was greatly in danger. It is a frame structure and it was thought for a time that there was nothing in the world that could save it. Great torrents of cinders and sparks poured out over the building and several times the roof caught fire but two or three streams on this building did effective work and it was saved.

TENANTS MOVE OUT.

At about 1 o'clock there was but little question about the fate of the Wise building. Up to this time none of the tenants had made any stir about moving out, but they thought that the building would surely go and they began to hustle. One of the first to move out of the building was R. F. Walters, the shoe man, he got nearly everything out and across the street. This seemed as a sort of incentive for others and large forces of men were ushered into service and carried material out of the building with great rapidity. The Swartz drug store was one of the first places of attack and the room was fairly stripped of its contents so that it had the appearance of a badly arranged bowling alley. Everything was carried over in the N. P. park. The R. F. Walters stock of shoes was all taken out. Then down the line C. L. Burnett, the jeweler, moved everything out, even to the safe and everything was moved across the street. J. H. Murphy, of the firm of J. F. Murphy & Co. was rather reluctant about moving anything out of the room in which he was located, but when the flames seemed to envelope all the buildings from the rear he decided that he had better do something to save the stock and ushered a large crowd of men into service. All of this stock was moved across the street into the L. Hohman store. All this work counted for naught, however, as the building was ultimately saved. J. F. Hawkins, the meat market man, who occupies the room facing on Front street, did not think it was worth time to move anything out and he opened up this morning doing business at the same old stand.

DANGER TO THE WESTWARD.

While there was a hurry and scurry around the east side of the Wise block there was also something doing west of the Hartley block. It is the general supposition that had there been a little wind the whole block clear to Fifth street would have gone up in smoke. As it was the massive brick wall between the Hartley block and the Towne-McFadden block seemed to stop the flames in their mad rush. The firemen did excellent work in saving the buildings to the west. It grew pretty warm in the Olaf Skauge drug store and much of the material was moved out, but there will be little damage here except that resulting from smoke. Drs. Groves and Nicholson, who occupy rooms over the drug store moved everything out and their loss from breakage etc., will amount to considerable. The sparks and cinders at one time fell like hail on the roofs of the City hotel and other adjoining buildings. All the guests at the City were aroused and there was a general scrimmage about the place to get out. Even the tenants in the rooms over the buildings west of the City hotel moved out to be sure that they would not suffer loss. The fire, however, was confined to the one building, the Hartley block, and beyond the damage here the loss will amount to very little.

HARTLEY BLOCK GUTTED.

The Hartley block is a mass of ruins and all the occupants and tenants in the building suffered heavy losses. The block, while one of the oldest in the city, was one of the best and most substantial. It was a solid brick block and its estimated value was \$25,000. The building is owned by the Harrison estate and is presumably in control of George Harrison, of Minneapolis. There was but \$8,000 insurance on the building, which is about one-third the loss. Slipp Bros., who conducted a hardware store in the block, are among the heaviest losers. It is estimated that their stock was valued at \$15,000 and not a shingle nail was saved. They were partially insured. A. E. Moberg was the heaviest loser perhaps outside those who owned the building. His mammoth stock of dry goods and clothing was consumed. He states that his stock would invoice \$25,000 and he carried but \$11,200 insurance. Nothing was saved from the big stock at all as the storeroom a short

time after the fire was filled with dense smoke, so thick that it was even impossible for Mr. Moberg to get his books in the safe when he arrived on the scene. To an outsider it seemed as though there was no possible show of saving the other buildings in the block but the fact that there was no wind, coupled with the fact that the Brainerd fire department did good service, saved the balance of the buildings in the block.

EXCELLENT WORK OF FIREMEN.

The Brainerd fire department never did better work and they are complimented on all sides today. They seemed to be able to do the right thing at the right time and it is unanimously the verdict that it was the best piece of work in the fire fighting line that has ever been seen in Brainerd.

PRESSURE GALORE.

There was another feature that was commendable. The water pressure was excellent and the firemen could ask for nothing better. The streams were good and strong, in fact, so strong that several hoses were bursted. This helped materially and one reason that the other buildings were saved was on account of the excellent service rendered by the water company.

THE INSURANCE CARRIED.

As compared with the losses the insurance carried is very light. The Hartley block was estimated to be worth at least \$25,000 and there is but \$8,000 in insurance carried in the Keene & McFadden agency. A. E. Moberg with a dry goods and clothing stock of \$25,000 carried but \$11,200 on stock and fixtures. The Slipp Brothers stock of hardware would total \$15,000 and they carried but \$6,000 insurance. The tenants in the second floor carried but little or no insurance to speak of. Regarding the losses of those who moved their goods from the Wise block insurance men in the city state that they will all be paid. This will amount to considerable.

SOME SLIGHT INJURIES.

Fortunately there were few injuries although there were one or two close calls. John Hessel Jr. was holding a nozzle in the Slipp building when the barrel of oil exploded and he was thrown some twenty feet but escaped with slight injuries. Roy Hall was slightly injured also. When the big north wall of the building fell there were several firemen working in close proximity and they had a hard time of it trying to get out of the way. They did, however, make their escape without injury.

LOST HIS ROLL.

One of the losers in the Hartley building was A. G. Lagerquist, the tailor, who occupies a room on the second floor. Besides losing all his effects he had \$120 in a drawer. Fortunately, however, the money was found this morning. It had been covered by a pile of brick and the flames did not get at it. The list of those who sustained loss and who will ask for insurance are: Groves & Nicholson, Olaf Skauge, A. E. Moberg, Slipp Bros., Chas. Ekman, C. H. Kylo, A. R. Faust, A. G. Lagerquist, M. K. Swartz, J. F. Hawkins, J. F. Murphy & Co., R. F. Walters, C. L. Burnett and George Allen. The latter was completely burned out but says he will be open again for business in a few days.

Fire Destroys the Pine Brook Breaker at Scranton, Pa.

Scranton, Pa., April 27.—The Pine Brook breaker of the Scranton Coal company was almost completely destroyed by fire Tuesday. The loss is estimated at \$60,000; insurance \$30,000.

All of the 600 men at work in the mine when the fire broke out, together with the mules, were gotten out in safety through secondary openings. It being the dinner hour, the breaker boys were at play in the breaker yard and therefore in no danger.

The mine has been in operation fifty-two years, but is good for twenty more and the breaker will be rebuilt at once. The company will provide places at other mines for as many of the 800 hands as can be accommodated.

ENGINEER DROPPED DEAD.

Boat Crashes Into a Bulkhead and Several People Are Hurt.

New York, April 27.—As the ferry boat America, after leaving the foot of Grand street, Manhattan, at night, was nearing its slip at the foot of Broadway, Brooklyn, with 500 passengers on board, Charles Kelly, the engineer, fell dead of apoplexy and there was no one in the engine room to answer the pilot's signal. The boat crashed into the bulkhead, which tore away the rail of the starboard side of the boat and wrecked the ladies' cabin. Then it careened to the other side of the slip and the rail and cabin on the men's side were wrecked. There was great excitement on board and several passengers were injured, none seriously. The steam was not shut off until after the landing bridge had been wrecked.

PREMIER MAURA SHOT AT.

Another Attempt on Life of Spanish Official Unsuccessful.

Madrid, April 27.—Premier Maura, who arrived here during the morning, was shot at but not wounded while on his way here from the Balearic island. When between Alicante and San Vincente a bullet whizzed through the roof of his car. The incident created great alarm, but no one was injured. Later details show that the attempt on Senor Maura was an organized plot in which between thirty and forty men armed with revolvers were concerned. A regular fusillade was exchanged between the gendarmes accompanying the train and the miscreants. Many marks of bullets were found in the train afterwards.

Wisconsin Man Finds a Big Pearl.

COUNTESS CASSINI'S FAIR.

Washington Society Contributes to Russian Red Cross Fund.

Washington, April 27.—The fair given by the Countess Cassini in aid of the Red Cross fund in the war now in progress between Japan and Russia, was held Tuesday at Belmont, the home of Mr. and Mrs. A. L. Barber. The inclement weather sadly interfered with the success of the enterprise and threatened for a time to stop it altogether. However, some hundreds of society folk, notably the young members of the diplomatic corps, attended and generously helped swell the receipts for the fund. If the weather should prove more propitious the fair will be repeated today. Madame Jusserand, the wife of the French ambassador, had charge of the Russian booth and the Misses Calderon, the daughters of the Peruvian minister, sold flowers.

Those present included the Russian ambassador, the Austrian ambassador, Mrs. Hay and Miss Alice Roosevelt. The artillery band, which attended by direction of the secretary of war, furnished the music. Countess Cassini, it is stated, has \$10,000 in the bank to ward the fund and hopes to swell it considerably as the result of the fair.

Lady Durand, wife of the British ambassador, presented the tea booth with \$100, her contribution to the cause, while her husband sent a check for a like amount to the Japanese minister to be used for Red Cross work in Japan. Mrs. Dewey, wife of Admiral Dewey, set this example of showing neutrality when her name was asked as patroness by Countess Cassini. Mrs. Hay, Mrs. Hitchcock and other women in official life are credited with a similar course of action.

SCARED CHICAGO CHILDREN.

Gigantic Mastiff Fixed Up as a "Ghost Dog" by Boys.

Chicago, April 27.—George P. Macklin of 1394 Jackson boulevard has lost his valuable mastiff because a number of boys in his neighborhood persisted in making a "ghost dog" of him. The mastiff, which was of gigantic size, and weighed 180 pounds, was enticed away from the home of Mr. Macklin and night after night the boys would smear his head and face with phosphorescent paste and then turn him loose on the streets. So many complaints were made to the police of the number of children frightened by the "ghost dog" that officers were sent out to hunt the animal. The climax came last night when a neighbor of Mr. Macklin reported that his six-year-old daughter had been thrown into convulsions by the sight of the animal. The officers hurried out after the dog and shot him. They are now looking for the boys who gainted him.

AMES MUST STAY IN PRISON.

Application for a Pardon is Denied by the Prison Board.

St. Paul, April 27.—The application of Colonel Fred W. Ames, former police superintendent of Minneapolis, now serving a six and a half year sentence in Stillwater, for a pardon or commutation of sentence, was denied yesterday by the board of pardons. While the members of the board refused to give the reasons why the clemency asked for has been refused, it is understood that they hesitated to take action in the case of Colonel Ames while another indictment is pending against his brother, Dr. A. A. Ames.

The board also denied the application of Norman King, a former detective of Minneapolis. King's term of imprisonment will expire next fall.

Lard Rendering Tank Explodes.

Milwaukee, April 27.—By the explosion of a large lard rendering tank in the plant of the R. Gamz Packing company, John Steinke, an employee of the plant, was so severely burned that he may die.

ACTS OF DAWES COMMISSION.

Substitute Reported for the Lind Resolution of Inquiry.

Washington, April 27.—Mr. Burke (S. D.), from the committee on Indian affairs, reported a substitute for the resolution of inquiry of Mr. Lind (Minn.), regarding illegal acts of certain members of the Dawes commission and of certain federal officers in Indian territory in connection with land deals. The substitute provides simply that the secretary of the interior shall "advise the house, if not incompatible with the public interest, what action has been taken upon the report of Charles J. Bonaparte and Charles R. Woodruff, a special commission who investigated the condition of affairs in the Indian territory." In spite of Mr. Lind's vigorous contention that his motion should prevail, the substitute was agreed to.

SISTER OF MARX INSANE.

Believes That the Car Barn Bandit is Still Alive.

Chicago, April 27.—Pattie Marx, the twenty-four-year-old sister of Gustave Marx, the car barn bandit who was hanged last Friday, has lost her mind because of constant brooding over the execution of her brother. She believes that Marx is still alive and goes about the house looking for him.

FORTY-THREE NATIVES KILLED.

Plunge Two Thousand Feet Down a Mine Shaft.

Johannesburg, April 27.—The collapse of a cage in the Robinson mine precipitated forty-three natives 2,000 feet to the bottom. All were killed. The bottom of the shaft is a quagmire of human remains.

One Killed and Five Injured.

Chillicothe, O., April 27.—Charles S. Schumacher, a salesman of Lancaster, O., was killed and five other passengers injured in a wreck on the Norfolk and Western near Hayesville Tuesday.

Hungarian Situation Improved.

Vienna, April 27.—The situation in Hungary has improved. The general strike declared Monday at Gross-Warden has collapsed. No further disorders have been reported and the government's victory is regarded as complete.

No. 805 Pease Avenue, HOUSTON, TEXAS, May 14, 1908.

I was barren during the six years of married life, suffering with painful menstruation and a dozen other aches and pains. I was a poor excuse for a wife as I was not able to be up more than about half the time and daily grew weaker and weaker.

Wine of Cardui changed me into a different woman in five short months, made me robust and strong.

I am very grateful to you for my good health and am today blessed with a baby who is the pride of our home and this is all due to your medicine.

Mrs. Charles Mason
VICE-PRESIDENT, HOUSTON MOTHERS' CLUB.

Wine of Cardui brings health to sick women. Wine of Cardui brings children to barren homes.

How can any woman refuse the health Mrs. Mason has? Any woman can secure exactly the same relief if she will take Wine of Cardui. Wine of Cardui is a certain cure for menstrual irregularities. It will not do impossibilities but it does cure bearing-down pains, makes motherhood possible for barren wives and relieves the pains at the monthly period.

COUNTESS CASSINI'S FAIR.

Washington Society Contributes to Russian Red Cross Fund.

Washington, April 27.—The fair given by the Countess Cassini in aid of the Red Cross fund in the war now in progress between Japan and Russia, was held Tuesday at Belmont, the home of Mr. and Mrs. A. L. Barber. The inclement weather sadly interfered with the success of the enterprise and threatened for a time to stop it altogether. However, some hundreds of society folk, notably the young members of the diplomatic corps, attended and generously helped swell the receipts for the fund. If the weather should prove more propitious the fair will be repeated today.

Madame Jusserand, the wife of the French ambassador, had charge of the Russian booth and the Misses Calderon, the daughters of the Peruvian minister, sold flowers.

Those present included the Russian ambassador, the Austrian ambassador, Mrs. Hay and Miss Alice Roosevelt. The artillery band, which attended by direction of the secretary of war, furnished the music. Countess Cassini, it is stated, has \$10,000 in the bank toward the fund and hopes to swell it considerably as the result of the fair. Lady Durand, wife of the British ambassador, presented the tea booth with \$100, her contribution to the cause, while her husband sent a check for a like amount to the Japanese minister to be used for Red Cross work in Japan. Mrs. Dewey, wife of Admiral Dewey, set this example of showing neutrality when her name was asked as patroness by Countess Cassini. Mrs. Hay, Mrs. Hitchcock and other women in official life are credited with a similar course of action.

SCARED CHICAGO CHILDREN.

Gigantic Mastiff Fixed Up as a "Ghost Dog" by Boys.

Chicago, April 27.—George P. Macklin of 1894 Jackson boulevard has lost his valuable mastiff because a number of boys in his neighborhood persisted in making a "ghost dog" of him. The mastiff, which was of gigantic size, and weighed 180 pounds, was enticed away from the home of Mr. Macklin and night after night the boys would smear his head and face with phosphorescent paste and then turn him loose on the streets. So many complaints were made to the police of the "ghost dog" that officers were sent out to hunt the animal. The climax came last night when a neighbor of Mr. Macklin reported that his six-year-old daughter had been thrown into convulsions by the sight of the animal. The officers hurried out after the dog and shot him. They are now looking for the boys who painted him.

AMES MUST STAY IN PRISON.

Application for a Pardon Is Denied by the Prison Board.

St. Paul, April 27.—The application of Colonel Fred W. Ames, former police superintendent of Minneapolis, now serving a six and a half year sentence in Stillwater, for a pardon or commutation of sentence, was denied yesterday by the board of pardons.

While the members of the board refused to give the reasons why the clemency asked for has been refused, it is understood that they hesitated to take action in the case of Colonel Ames while another indictment is pending against his brother, Dr. A. A. Ames.

The board also denied the application of Norman King, a former detective of Minneapolis. King's term of imprisonment will expire next fall.

Washington, April 27.—Mr. Burke (S. D.), from the committee on Indian affairs, reported a substitute for the resolution of inquiry of Mr. Lind (Minn.), regarding illegal acts of certain members of the Dawes commission and of certain federal officers in Indian territory in connection with land deals. The substitute provides simply that the secretary of the interior shall advise the house, if not incompatible with the public interest, what action has been taken upon the report of Charles J. Bonaparte and Charles R. Woodruff, a special commission who investigated the condition of affairs in the Indian territory.

In spite of Mr. Lind's vigorous contention that his motion should prevail, the substitute was agreed to.
